League Information

- League will consist of 8 weeks (*7 weeks of regular season play and 1 week of tournament play*)
- All league games will be played on Sunday nights beginning at 6pm

Ladder League Format The group will be divided into foursomes. Each foursome will play a round robin amongst themselves, meaning you will play 1 game with each person in your foursome (3 games). After each game, scores will be reported. After 3 games are complete, each foursome will be ranked 1, 2, 3, 4 based on a tally of total points scored in all 3 games. This is where the ladder movement comes in. The #1 and #2 person in each foursome will move to the next foursome up. #3 & #4 will move to the foursome below. This movement will happen between all the foursomes. Once we have the new pairings, we will play another set of 3 games. Once scores are tallied for this round, the ladder will be reset for games the following week.

- Games will be played to 15 points, win by 1, following the USA Pickleball Association Rules.
- ***Subs are allowed and are the responsibility of the player to schedule. It is critical to have the correct # of players for the ladder league to work correctly, if you cannot play please coordinate a sub to take your place.***
